

Economy Drum

100% Recyclable Fiber Drums

California Container Company has developed innovative, 100% recyclable fiber drums with a range of standard diameters for the storage and shipping of both liquid and dry products.

Our fiber drums have the same strength, stocking capacity, and temperature consistency as metal and plastic drums, with the advantage of being measurably lower in cost and 100% recyclable.

Economy fiber drums are excellent low-cost solutions for storing and shipping your products.

Available in two drum diameter sizes 12½" and 14"

In all, 13 volume options ranging from 8½ gallons to 20½ gallons.

- Easy to open, easy to re-secure
- Plastic covers and bottoms
- Low-cost option for shipping loose or bagged contents

- Polyethylene bag and sleeve options — loose or incorporated in drum

Key Benefits of California Container Company Fiber Drums

- **Reusable**
The second-hand market is a key avenue for reuse of these drums.
- **100% Recyclable**
- **Lightweight and Durable**
Storage options for both liquid and dry products — processed fruits and vegetables, dehydrated products, powder, spices, liquids like sauces, almond milk etc.
- **Economical and Stackable**
Less expensive than metal and plastic drums.
- **FDA Approved**
Raw materials are in compliance with relevant FDA requirements for food packaging.
- **Proudly Made in the USA**
Manufactured under strictest health and safety standards.
- **Unlimited Capacity**
We manufacture over 2 Million drums a year with the capacity to increase as needed.
- **Exceptional Customer Service**
We pride ourselves on being customer focused!
